# 2013 Summer Camp Guide

*School is out and it's time to have some fun!*

*Whether you're mapping out your child's summer months in advance or looking for a last-minute camp to fill up a week, Howard County Recreation & Parks' 2013 Camp Guide has you covered. Thumb through the guide with your camper, pick the camps that fit his or her interests, check your family's schedule and plan the entire summer on our back-page calendar.*

*We have a camp for every taste. From cooking, crafts, fine arts and culture to dance, music, theater arts and science/technology, our camps introduce new skills without the pressure of homework or grades. Enriching camps keep the mind sharp when school is out and science has never been so fun as when campers launch their own rockets (Mad Science: 3-2-1 Blast-Off!, page 35).*

*If your camper enjoys exploring the outdoors and adventures to unique locales, flip to page 6 to check out our Adventure, Nature & Outdoors section. Our award-winning camp, Extreme Recess, returns this year for six weeks (page 6). We also offer five weeks of safe fun with bows and arrows in our Archery Camp (page 6), providing ample opportunity for your camper to experience the newest craze.*

*Flip to page 41 to check out our popular sports camps. Certified instructors teach younger campers the basics of different sports in a non-competitive setting with diverse activities to keep every day fresh and exciting. Older campers can pick a sport-specific camp to sharpen their skills and prepare for the upcoming middle or high school season.*

*We are also excited to begin offering a number of camps at the brand new Roger Carter Community Center, a state-of-the-art community center (opening in March 2013) featuring swimming and diving pools, basketball and volleyball courts, classrooms, fitness and exercise rooms, a climbing wall and much more.*

*If you plan for the summer before the snow melts, dozens of our camps offer early bird specials. Register by March 1 to receive 10% off the listed price of designated camps. Many camps fill up quickly, so don't delay!*

*We know there are many options from which you can choose this summer, but we hope Howard County Recreation & Parks' wide selection helps make your planning easier. Have a safe, fun and memorable summer!*

# Concussion Information

## What is a concussion?

A concussion is a type of brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow, or jolt to the head. Concussions can also occur from a blow to the body that causes the head and brain to move rapidly back and forth. Even what seems to be a mild blow to the head can be serious.

## What are some warning signs of a concussion? — For Immediate Attention Call 911

### Signs Observed by a Parent/Guardian

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets sports plays
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- Can't recall events prior to hit or fall
- Can't recall events after hit or fall

### Signs Reported by the Athlete

- Headache or "pressure" in the head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, or groggy
- Concentration or memory problems
- Confusion
- Does not "feel right"

## What should you do if you think a concussion has occurred?

### 1. Seek medical attention right away.

A health care professional will be able to decide how serious the concussion is and when it is safe to return to play.

### 2. Keep your child out of play until medically cleared.

Concussions take time to heal. Don't let your child return to play until a health care professional says it's ok. Children who return to play too soon, while the brain is still healing, risk a greater chance of having a second concussion. Second or later concussions can be very serious. They can cause permanent brain damage, affecting your child for a lifetime.

### 3. Inform all coaches about any recent concussions.

Coaches should know if your child has had a recent concussion. Your child's coach may not know about a concussion your child received in another sport or activity unless you tell them.

### 4. Help your child return to sports safely after a concussion.

As your child's symptoms decrease, the extra help or support can be removed gradually. Children and teens who return to activities after a concussion may need to

- Take rest breaks as needed
- Spend fewer hours at activities
- If in doubt, sit it out!

## Therapeutic Recreation & Inclusion Services

The Howard County Department of Recreation & Parks offers programming for individuals with disabilities in a variety of categories. The Department encourages individuals with disabilities to register for general recreation programs. The Department will make reasonable accommodations to facilitate the participation of an individual with a disability in any of our programs. The Therapeutic Recreation (TR) section follows a procedure for providing these accommodations. It uses the Community Recreation Assessment and Accommodation Plan to provide Recreation & Parks staff with an understanding of the accommodation being made as well as disability awareness information.

- The request for accommodations takes place at the time of registration. If registering by phone or in person, you will be asked if you or your family member require special accommodations. This is a "yes" or "no" response. If you choose to provide additional information, the staff member will note this in the online notes that are visible to staff.
- During the online registration you will come to an area that offers the following custom question: "Does the participant have an allergy, disability or any special accommodation request that we need to know about?" If you are requesting an accommodation, the answer should be "yes" and if not, "no." You will also be given an optional space to expand on your request in the notes section. This is viewed only by staff.
- For a fax registration form, you will notice a box for accommodations on the left. Check the appropriate areas and fax to 410-313-4660. A copy of the registration form or e-mail registration alert is forwarded to the Therapeutic Recreation Manager and Coordinator.
- For transportation with HT Ride Paratransit Certification contact: 1-800-270-9553.

Inclusion/Accommodations may include but are not limited to the following:

- a) training provided for program and inclusion support staff;
- b) an increase (not guaranteed) in staff/participant ratio (two weeks advance notice);
- c) Sign Language interpretation for the deaf and hard of hearing;
- d) adaptive activity equipment and/or supplies;
- e) assistance in the provision of health services that do not require medical training; and

f) financial assistance.

Accessibility Inclusion/Accommodations services don't include;

- a) providing a separate area or alternate activities for a significant portion (more than 25%) of the scheduled structured program;
- b) exemptions of program rules and regulations regardless of ability or disability for the safety of all program participants and staff;
- c) guarantee of specific staff for programs;
- d) individualized therapy within a program, or
- e) purchasing of personal custom devices.

### Baltimore & Ohio (B&O) Railroad Station

A National Historic Landmark, the B&O Railroad Station in Ellicott City is the oldest surviving railroad station in the United States. Erected in 1830-31, the station served as the terminus of the railroad's original 13-mile section of track. In service until 1972, the station is now a living history museum offering programs and exhibits that explore the development of transportation in America and the station's role in historical events of the 19<sup>th</sup> and 20<sup>th</sup> centuries. The museum is located at 2711 Maryland Avenue, Ellicott City, MD 21043 (intersection of Main St. and Maryland Ave. in the Historic District). Hours: Wednesday-Sunday, 11 AM-4 PM. Admission: \$5, adults; \$4, seniors (60+); \$3 ages 2-12. Info: 410-461-1945 or visit [ecorail.org](http://ecorail.org).

### Blandair Farm

Blandair takes its name from Theodorick Bland, a colorful figure in early Maryland politics. He served as Chancellor of Maryland from 1824 until his death in 1846. While the property was farmed as early as 1798, most of the existing buildings date from the mid-19<sup>th</sup> century, and include a granary, a springhouse, some tenant houses and the brick main house. Howard County purchased the property in 1998 and plans to develop the site as a regional park. While public access to Blandair is limited during restoration, occasional heritage programs are held there. The farm was also the site of the 2003 International Preservation Trade Conference. The property is located at 6651 Route 175, Columbia, MD 21044.

### Bollman Truss Bridge

The Bollman Truss Bridge is the only known remaining example of the revolutionary all-iron truss system patented by Baltimore engineer Wendell Bollman in the mid-19<sup>th</sup> century. Constructed in 1869, the bridge was moved to its current site in 1888 and was in use until 1915. Designated a National Historic Landmark in 2000, it is now utilized as a pedestrian bridge connecting Historic Savage Mill with the Mill Trail, a walk linking old mill sites along the Patuxent River. The bridge is located at 8650 Foundry Street, Savage, Maryland, 20763.

### Ellicott City Colored School, Restored

This one-room schoolhouse building was constructed in 1880 as the first public school for African-American children in Howard County. In use as a school until the early 1950s, the building was re-purchased by the county in 1995 and restored with the assistance of public and private funding. The building, located at 8683 Frederick Road, Ellicott City, now houses a genealogical resource center and a museum chronicling the history of African Americans in Howard County. Changing exhibits and seminars highlight the contributions by people of color to the history of the region. Tours are offered Saturday and Sunday at 3 PM, April through October. Private and group tours are available year-round, weather permitting. Info: 410-313-5131.

### Ellicott City Firehouse Museum

Located in the County's first firehouse at the intersection of Main Street and Church Road in Historic Ellicott City, the Firehouse Museum houses a wide array of fire apparatus, model toys and an impressive visual history of Howard County's Volunteer Fire Department. The firehouse was constructed by volunteers in 1889. After 1923, it was used as a meeting hall, county office space and library reading room before opening as a museum. Open Saturday and Sunday from 1-4 PM, April through December. Private and group tours are available year-round, weather permitting. Info: 410-313-5131.

### Heritage Orientation Center

The Heritage Orientation Center is located behind the Thomas Isaac Log Cabin in the county's first Court Records building. View unique exhibits on the 18<sup>th</sup> and 19<sup>th</sup> Century milling techniques, floods of Ellicott Mills, and the Ellicott Family. The center is open daily from 11 AM-4 PM. Info: 410-313-5131.

### Patapsco Female Institute Historic Park

Situated on a hilltop overlooking the Patapsco River Valley, The Patapsco Female Institute was founded in 1837 as an elegant finishing school for young women. The stabilized ruins of the Greek revival structure are open for tours, and serve as a beautiful setting for special events, including weddings, receptions, camps and open-air theatre. The Patapsco Female Institute Historic Park is located at 3655 Church Road in historic Ellicott City. Tours are on Saturday and Sunday at 1:30 PM, April through October. Private and group tours are available year-round, weather permitting. Information/Scheduling special events and rentals: 410-313-5131.

### Pfeiffer's Corner Schoolhouse

Originally constructed about 1883, the Pfeiffer's Corner Schoolhouse is one of the very few remaining one-room schools in Howard County. Restoration is now complete in its new location within Rockburn Branch Park, 6109 Rockburn Branch Park Road, Elkridge. Children were educated within its walls for over 50 years until it was converted into a residence in the 1940s. It was almost demolished when new homes were built on the property in the 1980s, but was saved through the efforts of local school children. They raised funds to have it moved in 1988 to county-owned parkland along route 108 near Clarksville, where it stood for several years until a permanent location could be found. In 2003, it was moved to Rockburn Branch Park where it illustrates the changes a 100-year time span has brought to our schools; serves as a historic exhibit in conjunction with the adjacent Clover Hill restoration; and provides space for demonstration classes, interpretive tours and small meetings. Info: 410-313-5131.

### Thomas Isaac Log Cabin

Named after its late 19<sup>th</sup> century owner, this rustic structure was built circa 1780 as a settler's home of Ellicott's Mills. The cabin was reconstructed on the present site in the late 20<sup>th</sup> Century. Here, visitors can learn about the settlement and development of the region and artisans. The cabin is located at the intersection of Main Street and Ellicott Mills Drive in Historic Ellicott City, and is open Saturdays and Sundays, 1-4 PM, April through December. Private and group tours are available year-round, weather permitting. Info: 410-313-5131.

## General Information

*Program information provided in this guide is tentative. Consult [www.howardcountymd.gov/rap](http://www.howardcountymd.gov/rap) for the most up-to-date information.*

### Registration

Program fees are established by determining the cost of supplies; fees for instructors, rentals, registrations and program administration; and the price of marketing in order to deliver high quality programs at an affordable price. See our "How to Register" section on page 5.

### Participation

Only individuals who are registered may participate. Where age or grade restrictions apply, "age" usually refers to the age of the participant at the start of the program and "grade" to current grade. If any other standards apply, they will be noted in the Guide. We reserve the right to question grade or age and may request a birth certificate or other proof of eligibility.

For many programs, registrants or parents/legal guardians of minor registrants will be required to provide a signed Participant Information form at the first meeting. The purpose of this form is to ensure that participants willingly share responsibility for their own safety. All activities contain certain inherent risks that each participant assumes. Due to the strenuous nature of some activities, each participant is urged to consult his or her physician concerning his or her fitness to participate. Please note that many programs will require confirmation that immunizations are current.

A parent or legal guardian must accompany a child each day for both check-in and pick-up. It is your responsibility to sign your child in at the beginning of the program and sign your child out immediately following the program. Staff are not responsible for your child before or after scheduled activities. A fee may be assessed if your child is not picked up at the close of the program.

Children must remain with the program for the full period scheduled. To leave before a day's program is complete, a child must have written parental consent or the parent/legal guardian must pick the child up after notifying the program director. No refunds will be issued for time missed for this or from dismissals resulting from disciplinary action.

In determining whether child is ready to participate in these activities, **please be aware that our staff does not change diapers.**

### Filled Programs

Space is limited in most activities — early registration is advised. If a program is filled when we receive your registration, we will contact you; you may then cancel your application at no charge, select an alternate program or place your name on a waiting list. There is no fee to be placed on a waiting list.

### Canceled Programs

We don't like to cancel programs, but each one must meet its minimum enrollment. Don't be disappointed — register early and bring a friend! An activity may also be canceled due to circumstances beyond our control, such as the unavailability of an instructor or location. If a program is canceled, registrants will be contacted immediately and a full refund credited.

### Financial Assistance

The Howard County Department of Recreation & Parks can provide limited financial assistance to Howard County residents who qualify. In addition to a completed application, you must provide one of the following:

- verification of qualifying income level (2011 or 2012 tax return required) or
- proof of assistance from the Department of Social Services.

Funds are limited, and a deposit of 25% of the program fee is required at least one month prior to start date with the application/registration form. Call 410-313-4659 for additional information and guidelines.

### Make a Donation

You can make a tax-deductible contribution to our Scholarship Fund by signing up on the registration form. For more information visit [www.howardcountymd.gov](http://www.howardcountymd.gov) or call 410-313-4683.

### Refunds

We recognize that you may wish to withdraw from a camp for a variety of reasons, but we encourage early decisions so as to not inconvenience other participants or affect our ability to efficiently deliver activities. Customers requesting a refund prior to two weeks before the camp starts will be given a full refund. Refunds requested within two weeks of the camp starting date will be charged a 20% administrative fee. Additional fees may be assessed to recover costs (shirts, supplies, equipment, etc.) associated with the program. There are no refunds given for missed camp days. Refund policies for licensed child care and therapeutic camps are on page 14 and 52.

### Inclement Weather & Program Status Information

Inclement weather numbers are listed on page 4. Check with your instructor about exceptions to the following circumstances and makeup dates for canceled sessions.

- If it rains, most outdoor classes will be canceled.
- When it appears that lightning is a potential threat to participants, scheduled outdoor activities or activities in progress may be canceled.

- If it snows on a weekday and the snow emergency plan is in effect in Howard County, scheduled programs will be canceled. Drop-in programs at Recreation & Parks facilities may run, call the facility inclement weather number, 410-313-4452.
- If it snows on a weekend and the snow emergency plan is in effect at 7 AM, programs held in public schools for that day will be canceled. If a snow emergency is declared after 7 AM, programs in schools in progress may be completed but those later in the day will be canceled.
- If schools are closed or dismissed early due to inclement weather, programs in schools will not be held.

## Snack Policy

Many of our children's activities request that you supply a snack or lunch. Due to health concerns, nut products are not served or permitted.

## Full-time, Part-time, Contingent and Contractor Employment

For an up-to-date listing of jobs within the Department, as well as a listing of jobs within Howard County Government, go to [www.howardcountymd.gov](http://www.howardcountymd.gov) and click on the "I want to" tab. The Department of Recreation & Parks also needs dynamic leaders to develop and instruct programs such as art, crafts, cooking, dance, drama, language, music, science, sports or just plain fun! Do you have an interesting idea for a course or other program that could be offered to Howard County residents through the Recreation & Parks Department. We'd like to hear about it. Visit [www.howardcountymd.gov/ContractorApplication.pdf](http://www.howardcountymd.gov/ContractorApplication.pdf) for an informational letter, application and proposal form. Info: 410-313-4639.
